

Current status of ARYA Macromolecular Crystallography beamline at SOLARIS NSRC

Michał Gucwa & Joanna Sławek

ARYA project

2023

MEN infrastructure grants for MX (II stage) and SAXS

2024

Preparation for tenders for I and II stage of the project

2025

Tenders, Infrastructure project

2026
/2027

End Station Equipment Delivery

- a) End station granite tables
- b) End station Hutch
- c) Sample Changer ISARA2/ TX2-60
- d) Cryostream1000
- e) Diffractometer ARINAX MD3-UP
- f) Detector EIGER2 X 9M

2027
/2028

End Station & Optics Installation, Integration,
and Commissioning

14 Nov 2025

(21 May 2026)

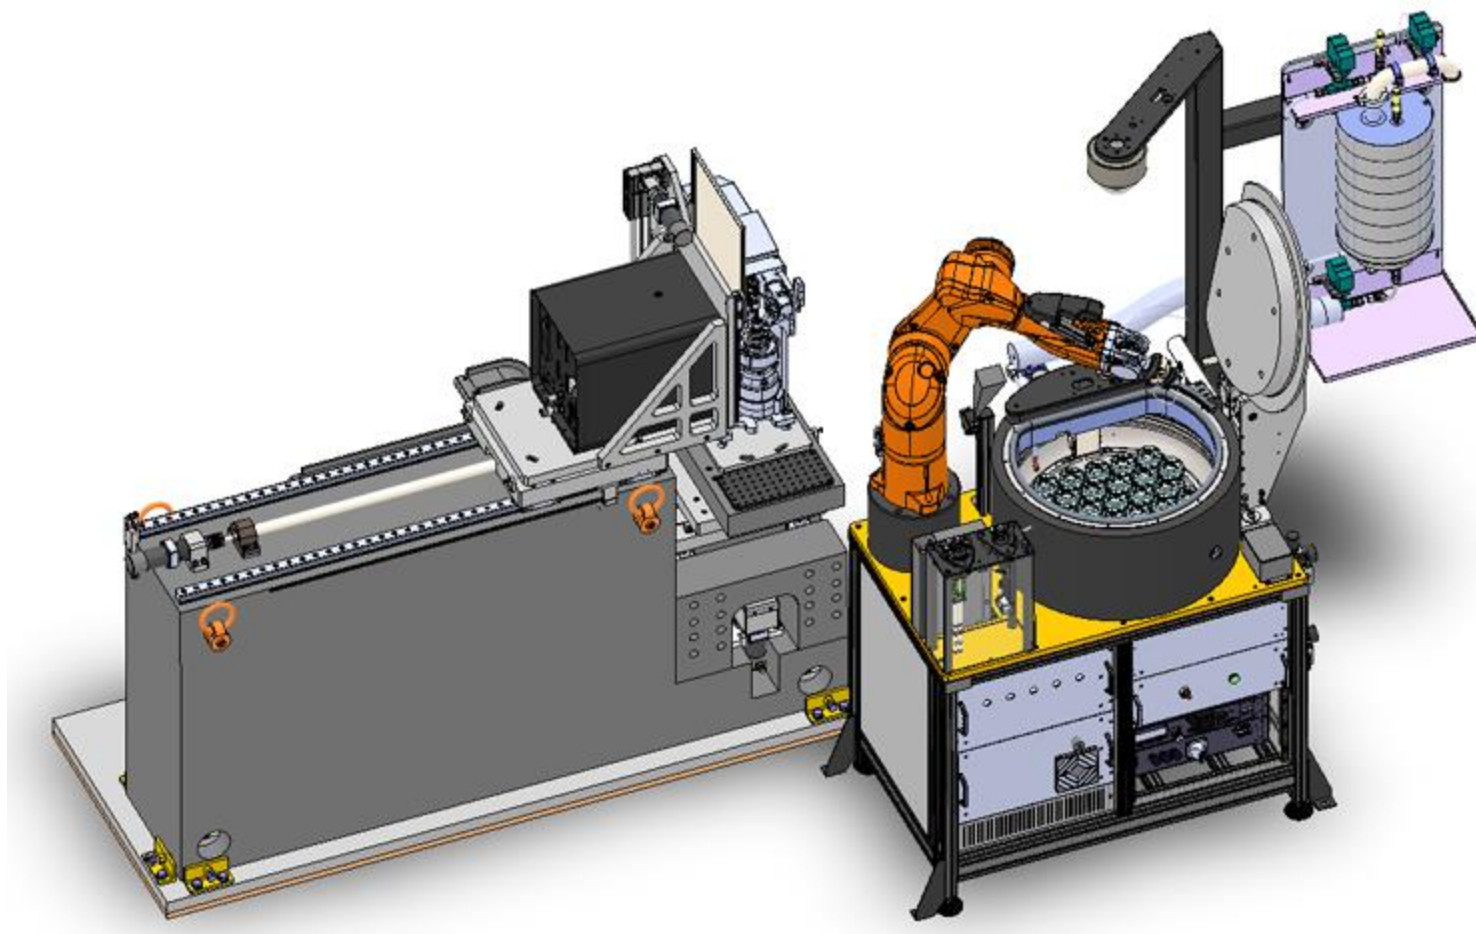

MX DATA PROCESSING HARDWARE

- 3 x 64 cores AMD EPYC 9575F CPU
- 1,35 TB RAM
- 500 TB Disk Space for Data Storage

Many Thanks to:

- Ludovic Broche (ESRF)
- Marcus Oscarsson (ESRF)
- Martin Savko (SOLEIL)

End Station

MXCuBE ARYA implementation

Done:

- LDAP user authentication (ISPyBClientArya.py) ✓
- Machine Status (ring current,) MachineInfoARYA.py ✓

Worked on:

- ISPyB integration in MXCuBE: LDAP authentication + BLSession-based proposal authorization, implemented in ISPyBClient.py and SolarisISPyBDataAdapter.py, wired through lims.yaml and ldap_server.yaml.
- Staff privilege hierarchy in MXCuBE: @roles_required("staff") on take_control / allow_remote + force_signout_user staff guard, implemented in ra.py and usermanager.py, wired through server.yaml.

Planned:

- Keycloak user authentication
- HardwareObjects configuration for: diffractometer, sample changer, experimental tables...

Is staff

In Control - idtest0-963ffc2d-601c-4122- b05a-4cfb91a1ab48	127.0.0.1
(You) - adas	127.0.0.1

Options

☐ Enable remote access

☐ Timeout gives control

mxcupeweb/core/components/user/usermanager.py

```
def force_signout_user(self, username: str) -> None:
    """Force signout of the anonymous or non operating user.

    Args:
        username: username of the user to be signed out.
    """
    user = self.get_user(username)

    if user is None:
        return

    if (
        user.has_roles("staff")
        and not current_user.is_anonymous
        and not current_user.has_roles("staff")
    ):
        raise PermissionError("Only staff can sign out staff users")
```

mxcupeweb/routes/ra.py

```
usermanager:
    class UserManager
    inhouse_is_staff: true
    users:
        - username: staff1
          role: staff
        - username: staff2
          role: staff
```

Acknowledgments

Thank You For Your Attention

Many thanks to:

- Marcus Oscarsson (ESRF)
- Yan Walesch (ESRF)
- Ludovic Broche (ESRF)
- Lais Pessine Do Carmo (ESS)
- Marc Armenter Hierro (ALBA)
- Martin Savko (SOLEIL)
- Guilherme De Freitas (DLS)
- And all MXCuBE/ISPyB community
